Dear Corinne (and Health Department Members),

It is with sadness, frustration and a sense of the incredulous that I find the need to write.

I am in your electorate Corinne, and am asking you to represent my thoughts and strong belief by ...

### **Opposing the Jackie Trad Abortion Bill.**

We live in a day where

- Sex education is well established
- Contraception is available
- Medical advancements are such that tiny infants of even earlier than 25 weeks gestation are heroically saved and nurtured to grow and develop well and have good outcomes
- Medical imaging is such that 3D images of as yet unborn children are printed, mounted and displayed to show off the growing child
- Many childless couples would love to adopt an otherwise unwanted child

Let alone

- To end the life (kill) of an unborn baby/child previously described is utterly horrendous
- This proposed law would be the worst and most extreme and outrageous in the world
- Medical professionals and institutions would be pressured to commit (yes commit) this otherwise named crime, when their pledge is to do no harm. In fact their desire is to save lives
- The rights of that individual (the child) must be protected as some of our truly most vulnerable of our society

I am sure that you have heard many arguments and reasons. I do not know where you stand on this.

Many others may be more eloquent or reasoned than my mail, yet I am asking that you oppose this bill.

Sincerely

Helen
