Termination of Pregnancy Bill 2018

Date:

The Queensland Parliamentary Committee inviting submissions addressing the Termination of Pregnancy Bill 2018:

Human life is the most precious entity on earth. We consider a fetus (from conception to birth), fully human and therefore the abortion of a baby (under virtually all circumstances) to be murder, yet alone under the circumstances proposed by this Bill:

- That fails to protect the lives of babies who may have survived an abortion.
- Puts baby girls at risk from sex-selected abortions.
- Forces hospitals (including religious affiliated) to end a life, and removes their ability to conscientiously object/deny the procedure.

Please be aware of our exceptionally strong opposition to this Bill, which is an abhorrence in the sight of both God and man.

John and Joy Heasman.
