Jackie Trad's Abortion Bill
Friday, 31 August 2018 8:18:23 PM

I feel compelled to tell you of my strong opposition to Jackie Trad's Abortion Bill.

I cannot see how a foetus in the womb can be regarded as part of a woman's body, when it has it's own heart and circulatory system. Surely this means it is a human being in it's own right. If this is the case then, the cruel destruction of this little life is nothing short of murder.

Every child is precious and could be adopted into a loving family -- to be given the opportunity to reach his full potential and becoming a blessing to this sad world.

Yours sincerely,
Lynne Ashford.
