Ms. Jackie Trad,

We would like to register our views and opposition to the proposed Queensland Abortion Bill.

We find it very hypocritical that the Government will spend millions of taxpayer dollars on saving premature babies who are living souls yet will introduce legislation allowing the abortion of a baby of the same age as a premature baby or older, even up until birth.

Abortion should only be allowed in very special circumstances and not for the reason of gender selection or the fact that the mother no longer wants that child.

We would suggest that those politicians who are in favour of this new proposed Bill should look at video footage to see what happens to those living souls when they are aborted.

With the availability of modern contraception since the sixties there is no reason why there should be any unwanted pregnancies.

We trust that common sense will prevail and the proposed Bill voted DOWN.

Sincerely,

Graeme and Ann Robinson
