

Subject: The Abortion Bill.
Date: Tuesday, 4 September 2018 2:09:56 PM

To whom it may concern,
My name is Mr David Jonathan Leet, [REDACTED]

1. My chief concerns with this bill are the 100% Lack of the Unborn Child's Rights. Causing these children to be victimised by the System, right up to full term.
2. The Obvious suggestion to go against the Doctors Hypocratic Oath to Preserve Life, by having a Doctor whose Conscience is against the procedure, made by Law, to give it over to a Doctor with No Conscience about it, to perform the procedure.
3. There is also a Discriminatory suggestion, that should the child be of the Wrong or an Unwanted Gender, then this gives excuse , which is Discrimination and just an Excuse or perhaps an Inconvenience to the Parents, so as to remove the Fetus from existance.
4. Also the basic right to Counseling, so as to provide an Infomed Decision, and attend to the Mother's Mental and Physical and Emotional Health.
5. What happens to the last known 27 survivors of the Abortion Procedure. What of their Mental and Emotional and Physical states, Health and Wellbeing.
6. The questions remaining then :-
 - a. What happens to Moral Accountability ?
 - b. Our Humanity ?
 - c. Does this mean we will see More Multiple Abortions on the horizon ?
 - d. Will these Aborted Children be given the Right to a Funeral at the Government's Expense ?
 - e. Will this now become another form of Taxation Dollars, going to fund Abortions due to Gender Discrimination and Killing Late Term Babies.

In summery, I feel that we are becoming more like certain other countries with strict birthing controls in place.

This Bill would seem to me to be Dehumanizing us as a Society, and most Unaustralian. This is a backdoor attack on the Family Institution in our Society.

Yours truly,
Mr David Jonathan Leet.
