Dear Committee or Group ,

I wish to oppose this Bill for the following reasons

- 1 This is requiring that legal murder be carried out on the formed & alive unborn child .
2. The alive & fully formed unborn child is given NO rights to being killed .
3. The existing long term laws of Australia which have guaranteed freedom of life are being ignored .
4. The inherent law of the sanctity of life are to be overwritten .
5. Murder of a living being in Australia is a crime long recognised in our society and law courts .
6. This Bill if passed will alter the creation of human life to a creation of selfish killing of a child for any reason by the mother.

I respectfully ask you to not pass this inhumane Bill

Yours faithfully

David Lowe
