Dear Fiona Simpson. I live in your electorate of Maroochydore and am writing to ask that you strongly oppose the abortion bill that is currently being introduced into our Qld Parliament. There are so many couples desiring to adopt babies and going through the trauma of IVF that any unwanted babies would be a blessing to these desperate couples. Also I find a double standard in that, if a pregnant woman is killed, the murderer is charged with 2 counts of murder, but a woman can murder her unborn baby, and it is called abortion.

Perhaps we should be investigating more support and counselling for women facing unwanted pregnancies so that they make informed choices for the good of their babies, and don't face a life of regret and shame.

Thank you for the wonderful job you do in representing this electorate and I urge you to oppose this legislation for the benefit of all people, including the unborn babies. Yours faithfully, Helen Woodrow,
