RE: Proposed Changes to the Abortion Law  
Tuesday, 4 September 2018 3:53:48 PM

---

Dear Sir/Madam

I would like to register my concern regarding the proposed changes to the abortion law in Queensland for the following reasons:

1. The promotion that seeking an abortion is to be a 'health issue' and not a 'criminal issue' only aims to make the choice easier for the person seeking the abortion but effectively eliminates the choice for the unborn child.
2. Whilst there is often disagreement regarding when a foetus is described as a baby, a person, a child. I believe that from the time of conception the baby is a person that should have equal rights.
3. It is noted that recently a man received a double sentence for the murder of a women and her unborn child which again acknowledges the unborn child as a person that had been deprived of life.
4. I believe that whilst abortion provides a choice for women who find themselves in the situation of an unwanted pregnancy it is effectively murder for the unborn child at whatever stage of development.
5. Please do not support this proposed law.

Yours faithfully

Judy Spetch
