

PROLIFE AGENDA (termination bill'18 brings a stronger curse on Australia)

Sue Innes [REDACTED]

I have personally experienced a 24-25 weeks termination because of the child a little girl, being stillborn.

Each person who has ever lived, the human race, from the beginning of time until now and in the future is and are all spiritual beings. Whether we saw the light of day, continue in it or died at birth or after conception at any time fertilisation or zygote stage, we are all spiritual beings and do and will continue to exist spiritually.

There is only one reason why we do not, should not plan to do deliberate killing at any stage of life. We are made in God's image as that is how God made us to be, we look like Him. He made us. And if we revere Him we obey Him. God sent Jesus, His Son to earth and He physically lived, born in Bethlehem here 2,000 years ago. Jesus lived for 33years and then died giving His life for us on the cross so we, the human race, have hope and life to live eternally with God. He gave us **His** life so we'd live eternally with Him, we respect and honour our lives, we don't take anyone's life at any stage, including the unborn.

God gave Moses the 10 commandments who passed them onto the Israelites and now mankind have these and they are recorded in the bible today.

The 5th commandment is- we are not to do deliberate planned killing, murder. We are to obey these rules as they bring protection onto the human race otherwise we become unprotected and bring a curse upon ourselves. **So why do we wonder now, that people's lives are in utter turmoil and there is so much upheaval in this physical world today?** After our lives here on this earth, how we have lived our lives here affects our eternal state, where we will live for eternity either with God or without God depending on our beliefs.

There is only one way to stop continual curses and bring protection back to us human beings and that is to repent, not to pass this bill of deliberate killing (at birth, not 22weeks or at any stage) murder of human beings in any situation and to preserve revere honour and respect each other as we are made in God's image.
