Dear Committee members,

As a person who resides in Queensland and enjoys the wonderful lifestyle of a Queenslanders, I am writing to voice my concerns regarding the changes to the Abortion Bill.

My name is Elizabeth Ison and my address is above.
I am a mother of 3 and a devoted grandmother of 6.

My concerns about the changes to the abortion bill are as follows.

I am worried by the provision for a woman to abort her baby up to 22 weeks .

I am horrified that the rights of the unborn child are not taken into consideration.

The woman involved at such a time through the pregnancy will no doubt have a lot of issues concerning having the baby put to death when it is viable .

I am appalled that a women can also choose to have an abortion up to the full term of the pregnancy, with 2 doctors making the decision that her wishes are ok. This is unbelievable.

I am horrified that in our wonderful state such atrocities are being discussed as progress.

Please reconsider these changes to the bill and give the babies the rights they deserve.

Yours sincerely
