Subject: Abortion Bill
Date: Wednesday, 5 September 2018 10:00:43 AM

Hello my name is Hannah Sepecan

I am writing to express my opinion of the "termination of pregnancy" bill.

This bill should not be passed as it is anti woman and is downright murder of innocent life.

This bill is anti woman because it neglects to recognise there are other options for women who have an unwanted pregnancy such as adoption, counselling and support.

Abortion itself is an extremely traumatic experience. There are many women who do not realise that there are physical and emotional consequences due to termination. There are numerous stories about women who suffer terribly after they realise what they have done.

Once a baby is conceived it is very much alive.
Abortion is murder.

I myself had an ectopic pregnancy which resulted in the loss of a child and my left tube. I very much wanted that baby and was horrified with the hospital labelling it as an "elective abortion".

If I hadn't had the surgery I would have died.
I suffer every day mourning for that very much wanted child.
I can't imagine ever actually choosing to end a healthy pregnancy.

Many women do not realise how greatly it will affect them until it is too late.

I beg you to not allow this evil bill to go through and allow even more murders of innocent life which is already being legalized in Queensland.

I write this in tribute to my angel baby in heaven.

Thanks
Hannah Sepecan
