Subject: Jackie Trad Abortion Bill

[REDACTED]

[REDACTED]

To the Queensland Parliament

Abortion is the taking of a Human Life whether that Human Life is growing securely in its Mother's Womb or breathing the air that we all breathe.

Any one of the babies that this Bill allows to be discarded may be the gift that our State needs.

Politicians give so much of time in Parliament talking of how we can decrease Family Violence.

The passing of this Abortion Bill could put vulnerable women in the cruel position of being pressured to dispose of their growing child which will increase violence in relationships.

Abortion desensitizes our human natures so we devalue our Humanity. If we lack empathy for a vulnerable child in the womb, we are descending more and more into selfishness.

I urge our Queensland Politicians to say No to the Jackie Trad Abortion Bill and show all Queenslanders that they are valued citizens.

A Toowoomba Voter Annette Gerrard, [REDACTED]
