Hi,

Im writing to voice my opposition to the Termination of Pregnancy Bill currently being considered by parliament. Firstly, I cant even believe its being considered. In hundreds of years time society will look back on abortion as they do slavery and wonder how it ever was acceptable. It is the slavery equivalent for the 21st Century.

Simply put, dont blend up babies. Dont kill them. Protect them! Prosecute those who seek to harm them. Adopt them out if you dont want to keep them! The baby isnt part of the mothers body. It has its own body.

Regards,

Aaron Hoolihan,
