To the Members of the Health Committee.

As a concerned citizen of Qld I object to all aspects of the Bill. I have read the Bill and am writing my concerns.

I object to a Bill allowing abortion for any reason up to birth.

In a recent poll conducted by You Gov Galaxy poll on 6-8 August showed an overwhelming response of 1000 people in Regional and Rural areas against abortion. Half of the voters in Qld agree abortion involves the taking of a human life (50%) while a little over one-third (36%) disagree with this premise.

I support conscientious objection providing allowing Doctors and Nurses to opt out of having to perform or participate in or refer for abortions against their will. (74% of Qld voters support conscientious objection.)

I also appose sex selection abortion and the poll showed a vast majority - 83% appose with 8% supporting sex selection.

I am for pro-life.
