Subject: TERMINATION OF PREGNANCY BILL

Dear members of the health committee

I am asking you to block Jackie Trads Termination of pregnancy bill 2018.
Because the operation involves the taking of life, it is most certainly murder of the most helpless in our society.
It is appalling that our leaders think that the process of abortion involving [REDACTED] is normal.

Many of us Australians are aware of the paradox that people who are voted in to care for their population want to kill their babies.

Furthermore, why does the Labor government now want to push for euthanasia and kill old people?

Please, for the love of God, stop this madness creeping into our society.

Kind regards,
Carol Kent
