Subject: Against the bill to abort
Categories: Submission

I want to voice my strong opinion that I am against you and your order to allow murder to our unborn babies!

How can someone be convicted of murder (if the mothers carrying at the time of her death) but the poor baby's not given the same regard of their own blood chooses to terminate pregnancy even after that Miracle had already fully formed.

It's gross. Inhumane! Should be ashamed to allow this to go ahead!
