Committee Secretary,
 Health, Communities, Disability Services and Domestic and Family Violence Prevention Committee.

 George Street,
 Brisbane Qld. 4000

Please do not allow this Bill that is proposed by Jackie Trad re Abortion to be passed as she has proposed.

"Now choose life, so that you and your children may live". D'varim 30:19

The Almighty Creator of the Universe is indeed the creator of all things, and gives breath to the unborn and newborn alike.

It has been proved that generally speaking the infant takes his/her first breath prior to actual birth.

The Infant is a human being that has been developing during the months prior to our eyes being laid on it in reality and continues to develop all the way through to the final moment of life.

Please do not allow this bill to pass.

My personal view is that this is also part and parcel of the "depopulation" agenda of our current era and is also one that is very detrimental to the Mother's Body, life and living.

The Father doesn't have to pay "maintenance" if the child is aborted.....so he doesn't care.

The Mother sometimes feels that the child is not wanted.....but the moment she sees her child, it is different, (except in cases of mental illness)

A child is a responsibility and many a teenage Mother will tell you that it is the best thing that happened to them.....

I know of too many women who suffer silently after having aborted the child that they were carrying.....even one who naturally has premature birth and loses that babe, or one who ends up with a still born baby will tell you.....THEY NEVER FORGET the little one that is "missing" from their seeable lives.

Please, for the sake of the unborn yet living child.....do not pass this Jackie Trad proposed bill.

It is indeed murder.....and no murderer ever, ever gets over it.....(unless they are mentally insane).

For the sake of the Mother and the Child, please do not pass this bill proposed by Jackie Trad. Instead offer help for the New Mother.

And make the Male person be Responsible for his "moment of fun" as he might term it.

There are consequences in every moment of life.....Please do not add this burden upon the New Mum, or even the Dad.....Dad's are sensitive creatures too.....and please let Jackie Trad repent of what she is attempting to do.

Thank you .

Yours most sincerely.

Eunice M. Austin
