I hate this, it is murder. What is wrong with our society that we allow this to happen, that we tell people it is okay. If you go online you can see photos of these aborted babies, so disgusting not even treated with any respect. Why does the baby have no rights? We should be protecting the most vulnerable in our society not murdering them because they are inconvenient, not perfect or simply not what we want. I am heartsick to think that we as a society will condone this.

I beg you not to let this bill go ahead.
