Prevention Committee  
**Subject:** Abortion Bill 2018  
**Categories:** Submission, Saved in Objective

Hi, my name is Gordon Lewis and I oppose the abortion bill being presented to the QLD parliament. Abortion is murder and should only be considered as a last option when the health of the mother is at risk (imminent risk of death or emotional trauma as a result of rape) and the baby is less than 3 months developed. Please consider my request to NOT accept the proposed abortion bill.

Regards,  
Gordon Lewis
