To whom it may concern,

I am writing to express my deep concern for the passing of this bill. There are many reasons for my opposition to this. One of my strongest is that this bill is a complete assault on the fabric of our society our nation. In essence I believe it is our government's responsibility to protect life. Not find ways to take it. Why should I as a tax payer have to be a part of this bill? I believe it is completely wrong and primarily void of any true health care in our democratic nation.

Sincerely
Ian
