Subject: Jackie Trads abortion bill
Categories: Redact

I wish to register my objection and concerns for this Bill never to be passed in our Qld State Parliament...this is unchristian and it is "destroying a new life"...Miss Trad think about saving lives and young women who are pushed to desperation by such a crisis in their life. Let this Qld Govt. be assessed for compassion & rule this state with Godly principles....Miss Trad you will be called to account..tread carefully
