Dear Sir/Madam,

I am writing to put forward my objections to the Pregnancy Termination Bill to be presented in the Qld. Parliament.

My chief reasons are:

- Allowing termination up to full time pregnancy.
- Allowing termination because of sex choice.
- The fact that a heavily pregnant woman or Mother pushing a pram past the Termination premises could be prosecuted in case it possibly encourages the “termination” Mother to change her mind.

Overall, I am fully against this Bill.

Yours faithfully,

Jennifer Marshall,
