Subject: Full term Abortions for any reason
Categories: Submission

Dear, Parliament Members/Committee,

My husband and I are vehemently opposed to Jackie Trad's proposed bill re Full Term Abortion for any reason. This is the taking of a life. If left unattended it would grow into a real life human being. Does this child have no say in its development?

Please do not allow this bill to pass. Killing of a defenceless child is murder.

Sincerely,

Janet and Robert Fuller
