Subject: Abortion Bill
Categories: Submission

Hi to whom it may concern,

I am against the Abortion Bill. I am against making abortions more readily available & up until so late in a pregnancy. It is a human life & needs to be protected. Having had 5 miscarriages myself up until 12 weeks of pregnancy, I know how many changes in my body have occurred, the joy of seeing a fetus & their heart beat on a scan as early as 8 weeks & how much I grieved for those babies lost.

Kind regards,

Kelley McIntosh
