To whom it may concern

I appose abortion on any grounds except rape or extreme serious medical grounds . I dont believe the unborn fetus should have no right to life . Abortion up to 22 weeks is an abomination . Abortion after 22 weeks is just plain murder . This bill is barbaric .

Recently a man stomped on his girlfriends stomach and killed her and her unborn child . He recieved 2 life sentenses . How is this any different ?

Also forcing Doctors to violate thier conscience by being forced to refer to another Doctor who has none . It goes against thier oath to preserve life .

This bill is an abomination .
