**Subject:** AGAINST the abortion bill

Dear Member of Parliament,

This is with regards to expressing my sincere **OPPOSITION** to the termination of pregnancy bill as advocated by the Labour Party in Queensland.

I am thankful for the country of Australia which was founded upon the biblical worldview. However as our leaders turn away from fearing God Almighty who breathed life into all humans made in the image of God, there shall be dire consequences.

Do not fear man, do not fear the "ratings" - fear God.

Abortion is murder. The bible is very clear on this. King David was "fearfully and wonderfully made" and "knit together" in his mother's womb.

I thank you in advance for hearing our voices. Please stop this murderous tragedy from befalling the state of Queensland.

May God have mercy on Queensland, through Jesus Christ our Lord,

Kindest regards,  
Michael Hsieh
