>> I have a great concern for the Termination of Pregnancy Bill that Labor are wanting to introduce.
>>
>> My stand on abortion would only be for the Protection of life, be it the child or the mother, this to be determined by the attending doctor.
>> This bill does not allow for women to know the possible impacts both physically and mentally, that this process actually involves. The bill would also allow for sex-selection, which in the long term could have a huge effect on the country.
>> I do appeal to you to consider the full impact of this bill so that sanity will prevail and the bill will be thrown out.
>> Yours sincerely,
>> Olive Heigan
