Subject: Late term abortion/The Honorable Minister for Health Dr Steven Miles
Categories: Submission

Dear Queensland Parliament,
I am 100 % AGAINST late term abortion for any reason except only if the mothers or babies life is in danger. I don't find a mothers excuse that the baby will ruin her life and bad decisions are any reason to terminate a pregnancy with adoption a viable option.
There is no such person as an unwanted child.

Please vote against the Termination bill 2018 for the sake of millions of children yet to be born.

Yours faithfully

Peter Mackney
