Subject: Don't murder our unborn babies
Categories: Not a submission?

In reply to [Termination of Pregnancy Bill 2018](#) I believe that life starts at the point of conception. Don't we the people of Queensland/ Australia have a duty of care to protect the unborn babies that have the same rights as we do to life. What a shocking though to image it these laws were all ready in some of us wouldn't be here today.

Regards
Robert Cobby
