Dear Mr Hansen,

RE: Inquiry into the establishment of a pharmacy council and transfer of pharmacy ownership in

Queensland

I value the personal relationship between my pharmacist and myself. The knowledge that in our very impersonal world, pharmacies are owned and run by individuals I can talk to, is very reassuring and needed in our communities.

When it comes to health and particularly medication this access and accountability is highly regarded within the community, and in my opinion is invaluable.

I would be very disappointed and concerned if the present regulations were changed to allow

corporations to own and operate pharmacies. I would not feel safe dealing with an impersonal corporate entity and feel strongly it would be a retrograde step.
