

To Whom it may concern,

It has been brought to my attention that the Government is considering an inquiry into the deregulation of small and rural pharmacies.

I as a local and a loyal customer for over 20 years to our local pharmacy I say NO NO NO on behalf of all our local community. Why do you people have to take away services away that we so sorely need, not just for young families but the elderly as well.

Our pharmacist owner and his staff are of the utmost highest standard and that we want to keep, because nothing is too much trouble for them but to take great care of their customers one hundred percent.

A happy smile, a good morning or good afternoon and see you next time may not mean a lot to some but to us it does. May I say please just leave things the way they are.

Yours sincerely
Mrs J. M. Kelly.
