

3rd June, 2016.

Submission to Abortion Law Reform inquiry.

The members of the Atherton,
Tableland Branch of Cherish
Life Ltd Inc. would like to
express our opposition to this
bill.

We feel this bill is so
harmful that we would not
vote for any politician who
supports it.

The alternatives to abortion
could be baby-safe havens to
prevent abandonment of babies;
adoption made more accessible to

women. Many couples are
unable to adopt a child, now

abortion carried out in
Australia are gender-based;
with many girls aborted in
proportion to boys.

We find partial-birth
abortion particularly heinous.
Some women are unable to carry
future children after an abortion,
which is contrary to nature.
Depression, suicide and grief
are the outcomes of abortion.
life-long.

The morning after pill is so easy
to use and procure.

Respectfully, Carol O'Connell
