Re; Abortion Law Reform

I want to make my views known that I totally oppose the proposed Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016. This will allow unborn children to be killed right up to the moment of birth; in my view this constitutes murder.

Will Doctors and nurses be forced to perform abortions against their will ?

I am very interested in your comments. Will you be supporting him & his bill?

Regards
James Henry Walters
