To whom it may concern:

I am writing because I am concerned about the implications of MP Rob Pyne's Abortion Law Reform Amendment Bill 2016 that could allow unborn babies to be killed up to the moment of birth.

In discussing this bill with many people, I believe this overlooks the overwhelming community opposition to changing the law to make it easier to secure an abortion, without considering the life of unborn babies, who cannot speak for themselves.

It also ignores the serious physical and psychological effects of abortion on women and fails to address other solutions to the reasons a woman has chosen to seek to terminate her pregnancy.

Please consider this submission. Thank you,

Mrs Caroline Heckathorn
