Dear Sir / Madam

I ask that serious consideration be put in the opposition of Mr Pyne's bill, the Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016 which would allow unborn children to be killed right up to the moment of birth.

This bill ignores the serious physical and psychological effects of abortion on women and does not aid in addressing the desperate plight of women who tragically see abortion as a solution or a means to an end when possibly she is momentarily in a difficult time of her life.

I wish to voice my disgust at this bill and of Mr Pyne's suggestion that this is a woman's right, where it is really a right that has been taken from the unborn child. The right to live.

Yours sincerely

Lyn Mienert
