To whom it may concern

I believe that, Mr Pyne's bill, the *Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016*, Would allow unborn children to be killed right up to the moment of birth;

The proposal, Ignores the serious physical and psychological effects of abortion on women; and it could coerce doctors, nurses and health workers into performing a barbaric procedure against their consciences;

Also this proposed bill has overwhelming community opposition to changing the law; and fails to address the desperate plight of women who tragically see abortion as a solution.

So I ask that you take this into consideration.
