Subject: Abortion Law Reform Bill.
Date: Saturday, 18 June 2016 12:32:39 PM

I wish to record my absolute opposition to the passing of this Bill in the Queensland Parliament.

As a Pastor, I have seen the untold damage, mainly psychologically, that any abortion has upon the woman involved. To allow abortions up until the time of birth is abhorrent. As I see it, any abortion is the worst form of child abuse and tantamount to the murder of an innocent and defenceless human being.

Please vote against this Bill!!
