To whom it may concern -

RE: ABORTION REFORM

Please defend those who cannot defend themselves - the many unborn babies who are fully human, yet without a voice.

Abortion, whenever it is done, always means the destruction of an unborn human being, and the abandonment of the mother to a desperate decision to have her unborn child killed as a 'solution' to her problems.

Legalising abortion could allow unborn children to be killed right up to the moment of birth; ignores the serious physical and psychological effects of abortion on women; could coerce doctors, nurses and health workers into performing a barbaric procedure against their consciences; and fails to address the desperate plight of women who tragically see abortion as a solution.

Regards,

Ingrid Steinhardt
