---

I wish to have my views consider by the committee.

The first point is that I believe that all life is precious and a gift from God.

We have a daughter who was born with a disability and has a struggle all her life but also brought joy to many people. As a baby she was sent home to die but after three days we took her back to the hospital and said something has to be done, you just cannot let her die.

I often have a thought of when I hear people say they support abortion, "what would have happened if your mother would share your views and had an abortion of choice". The reality is that you would not have the opportunity to put your views forward as you would not be in the world.

I wish to strongly oppose the proposed bill.

Yours,

Graeme Rouillon (Rev)
