Subject: objection to change in abortion laws
Date: Friday, 24 June 2016 2:38:38 PM

Dear Sir/ Madam,

I Pamela Kaye Hine desire to take a stand against the abortion law reform.

I believe a baby is a human being from the moment of conception at which time life is created in the cell.

Responsibility must be taken by the consenting adults for the preservation of the life. Any abortion after the time of conception is murder. Murder is a grave criminal offence!

Killing a live unborn child or leaving a live, born child to die is abominable behaviour and must be stopped.

Abortion is also an extremely traumatic procedure which dose cause long term adverse reaction on the emotional and mental state of the mother.

I totally believe it has immoral and dangerous implication for the right to life of the unborn child and mother.

Yours Sincerely

Pamela K Hine
