Dear Sir/Madam,

There is much I could say but I will with respect keep it short.

Please dismiss Mr Rob Pyne's Abortion Bill as he is simply pursuing this issue to popularise himself and further his campaign as an independent politician.

He has dramatised a few isolated stories and arranged support from a female M.P. and vocal pro choice protesters to make it appear that Qld is backwards in this area when in reality we are not at all.

I look forward to your positive reply.

Kind regards

Terrence Eyles
