Subject: Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016
Date: Friday, 24 June 2016 3:03:39 PM

To the honorable Committee,

I write to oppose the *Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016* as it removes all protections from the unborn child. If consenting adults have sex and conceive a child, they have a duty of care to the baby that nothing can set aside. The Amendment Bill will open the way for intentional killing. It is a hypocritical society that supports neo-natal care units to preserve the lives of premature babies while, at the same time, in another location, for any reason, medical practitioners are performing procedures to terminate the lives of babies of the same gestation length. It would serve the committee well to observe an abortion conducted using the cranial decompression technique and ask themselves if they would like that to happen to them or to the unborn children of those whom they love.

If you, as a Committee, do not protect the unborn then who will? Furthermore, if the defenseless unborn child can be terminated, then why not the infirm and others not considered worthy to remain in society?

Please oppose this Bill.

Yours sincerely,

Russell Swinn
