To whom it may concern,

We wish to submit our concerns over the proposed law regarding abortion that is before Parliament for consideration and action.

My wife and I are totally opposed to the submission by MP Rob Pyne as it implies considerable change to our 'way of life'. We believe that once a baby is considered a living human being before birth, then every possible action is required to support that living person, and abortion only be permitted in the most extreme cases.

I have lived a large part of my life in poverty stricken countries in Africa, where the proposed attitude, that MP Rob Pyne is advocating, is, unfortunately rather the serious consequence, because of the extreme poverty and animistic beliefs. It would be incredibly debasing for our country, to lower it's standards to that kind of legislative imposition.

May we submit, therefore, our sincere opposition to the proposed bill and respectfully request that the bill be quashed or at least be modified extensively.

Sincerely,

Peter and Bev Salisbury.
