Dear Sir/Madam

I am personally opposed to the current bill before Parliament which removes all protections and puts in no safeguards for the woman and child.

I believe the current laws are suitable and should not be altered. I am also of the belief that late-term abortions should be illegal unless the mother's life is endangered. I am concerned that late-term abortions are detrimental to the mothers mental health and they should not be making such important, life-changing decisions at this stage of their pregnancies. Instead other options should be made more accessible to them, such as adoption.

Yours faithfully
Lisa Burr
