Subject: Opposed to Queensland Abortion Law
Date: Friday, 24 June 2016 3:44:34 PM

Dear Committee.

I'm writing a brief note to let you know of my opposition to and concern about the abortion bill that has been put forward by MP Rob Pine.

I believe the consequences of this bill will be severely negative to families, children and society. I do not support the murdering of unborn children, especially when the child is quite capable of surviving outside of the womb.

My wife and I have been in a situation where doctors recommended that we abort one of our pregnancies for medical reasons.

We did not abort and now we have a beautiful daughter.

Please take note of my opposition to this proposed abortion bill.

Sincerely,
Lenny McInnes.
