Attention the Research Director, Health, Communities, Disability Services and Domestic and Family Violence Prevention Committee

Parliament House, George Street, Brisbane Qld 4000

Dear friend,

We oppose this Bill on the grounds that it allows doctors to kill a living human being often called a baby. As a reference and as Christians we refer to and affirm the commandment 'you shall not kill'.

Secondly the Bill will be forcing doctors to harm when their profession 'should do no harm'.

A society that teaches its daughters that they can 'fall' pregnant and dispose of the life within the womb and with this Bill full term babies, is failing and debasing women as well, and falling as low as it can get morally.

with kind regards,
from Alan & Susan Johnson <"><
