Dear Sir/Madam

Please, please don't allow anyone to kill beautiful babies. We know that premmie babies survive from very early deliveries. They are strong and feeling and fully formed - whole human beings. Such a sad indictment of our modern society to allow our weakest to be lawfully murdered.

Isn't it a child's right to be protected. No adult should be allowed to kill a child simply because its presence is inconvenient.

Thankyou

Sheralyn Bell
