Dear Sir/ Madam, as a Christian I am deeply concerned for the welfare of this nation. We continue to continue to break, or amend laws that our founding fathers set in place. While we obeyed those laws which were for our benefit we prospered as a nation. Are we wiser than them or, consider those laws draconian & do not apply any more. The golden rule still applies "we reap what we sow". As a citizen of Australia my heart breaks for this country when I see what is coming upon this land. How we have turned from righteousness to pursuing our own goals. Do we as a nation think we can escape the fate of other nations? Doesn't 1,347,484,956 abortions worldwide prick our conscience? Let us use the opportunity to have real abortion reforms. Let us not continue down the slippery path on which we find ourselves, for if we continue with the proposed Bill, what lies ahead for us as a nation?
