Dear Committee Members

I write in concern regarding Rob Pyne's abortion bill.

If Qld proceeds with Mr Pyne's abortion bill, a precious child will be vulnerable until the moment it is born.

I know that Mr Pyne has been motivated by a horrible situation but is the solution really to create another victim? So many women who make the decision to abort their child suffer many years of horrible guilt and I can only imagine that a late term abortion would be even tougher to come to terms with.

I believe we have a responsibility to protect the most vulnerable in our society, including the unborn.

Abortions are already available in Qld, please do not remove the protections that currently exist. A baby that has a viable life outside the womb should not be killed.

I admit that I find this an emotional subject - I recently welcomed my little granddaughter and the thought that another baby just as beautiful and precious as her might be killed just breaks my heart.

Thank you for considering my views.

Kind regards

G Bean
