---

To the Research Director  
Health, Communities, Disability Services and Domestic and Family Violence Prevention  
Committee.

I wish to express my deep concern and record that I strongly oppose the abortion bill that  
is before parliament. ( Put forward by Cairns MP Rob Pyne).

I believe this bill, if passed, would remove all protections for women and unborn babies  
who need someone to have a voice for them. It is clearly a dangerous bill which would  
have far reaching negative results in society.

Yours sincerely

Elaine Lind
